

# What Does Hospital Equipment Cost?

**Community dollars fund 100% of the equipment and technology in our hospital. Your support is critical to ensuring the best in class care is delivered close to home, when you need it most.**

The hospital has asked the Foundation for an investment of \$5 million annually for new and replacement equipment. Access to innovative equipment and timely care will help us meet the growing needs of local families.

## **\$5,000 purchases items like:**
