

Recognition Opportunities

Every gift, of any size, improves patient care and helps us achieve our goal of having everyone participate in the Campaign.

Gifts can be pledged over a number of years. Anyone with cumulative lifetime giving of \$25,000 or more (including pledged amounts) is eligible to be listed on our beautiful new donor wall in the lobby of Wing A. We are happy to let you know your current giving level.

There are a number of options available to recognize your support and create a family legacy that inspires others. Group recognition is also available. Your department can decide to pool your gifts to name a space within your program area.
