Ahmed Aamir Represents The Spirit of Philanthropy

On Friday, January 10th, 2020 we hosted the official ribbon-cutting ceremony here at Cambridge Memorial Hospital.

Amongst all the dignitaries, board members and business leaders from our community, we asked 7-year-old Ahmed Amir to join us and represent the Foundation and our

donors to help cut the ribbon. Ahmed and his siblings have made a donation to CMH each of the last 4 years.

Donors proudly unveil their recognition plaques at the Community Open House

Four thousand visitors came to see the beautiful new Wing A on January 11th. For a select group of visitors, the Foundation had something extra special planned just for them.

The Foundation was thrilled to host a number of WeCareCMH donors and their families to unveil their recognition plaques throughout the hospital.

In this photo are founding members of the Grupo das Amigas. An elevator lobby is named in honour of their incredible fundraising.

What a delightful way to spend an afternoon in appreciation of our WeCareCMH donors.

A note of gratitude from Patrick Gaskin, President and CEO of CMH

"Thanks to your overwhelming support we can celebrate the opening of our new Cambridge Memorial Hospital (CMH) patient care wing.

As you may know, hospital equipment is 100% funded by donations from community members. The new wing is here and we need your help to purchase life-saving equipment. I invite you to continue your support of CMH with a meaningful gift today.

Our new wing urgently needs essential equipment including — wheelchairs, beds, vital signs monitors and much more, to transform it from a beautiful building, into a state-of-the-art centre of care. Once fully equipped, our new wing will require \$5 million each year to replace and upgrade equipment and technology."
