

# Donor impact on care at CMH

2024

PHARMACY TECHNICIANS PREPARE  
CHEMOTHERAPY DRUGS IN  
A BIOLOGICAL SAFETY CABINET.

## Grateful Patient words of appreciation

Excellent care. I am thankful  
for the equipment in ICU.

*Eduardo D.*

Having an Endoscopic  
Ultrasound available  
at CMH made a difficult time  
in my family's life  
manageable. Getting  
answers quickly helped  
keep my mind focused  
on my health and  
a future with my family.

*Brendon M.*

I had a truly amazing  
experience bringing my  
daughter into the world  
because of CMH nurses,  
doctors, ultrasound techs, and  
support staff. You provided  
us with incredible care.

*Victoria D.*

## What difference have you made?

Last year I reached out to thank you for the care I received at Cambridge Memorial Hospital (CMH). Our Hospital continues to be part of my life and I'm grateful to all of the Departments that play an important role in my care. A recent CT scan in the Diagnostic Imaging Department identified an early metastatic cancer diagnosis. Routine blood work processed in the Laboratory and management of my medications through the Pharmacy, help guide my treatment plans in the Medical Day Clinic. All of the equipment in these Departments are essential to the care I receive.

As I go through tests, treatments, and hospital visits, more than ever I enjoy the outdoors, walking, running, and spending time with family and friends.

It's because of you, that I'm able to receive my care, close to home. You've helped me stay positive and strong. Thank you again.

*George Aitkin*

George Aitkin, Grateful Patient

New donors and life-  
long philanthropists,  
support the purchase  
of equipment in all  
CMH Departments.

## Who are our donors?

ANIA, APAR & BEN, THIRD PARTY  
EVENT ORGANIZERS

THE LATE ROBERT (BOB) CUNNINGHAM WAS  
A BELOVED VOLUNTEER, LIFETIME DONOR TO  
CMH, AND LEFT A LEGACY GIFT IN HIS WILL.

# Together, we raised \$5,066,492

DEPARTMENT STATS  
2022-2023

24/7/365

the Laboratory operates

1.2 million

tests completed annually

MEDICAL DAY CLINIC

986

Clinic visits per month

5,500

treatments provided in  
12 treatment chairs

DIAGNOSTIC IMAGING

123,554

total diagnostic  
images

## Where have your donations been invested?

Support from our Community helped bring new equipment to various Departments including Pharmacy, Laboratory, and Diagnostic Imaging.

**PHARMACY:** OMNICELL CABINETS PROVIDE SAFE AND EFFICIENT MEDICATION DISPENSING SYSTEMS IN ALL CLINICAL UNITS INCLUDING MEDICAL DAY CLINIC.

**LABORATORY:** TISSUE CABINETS SAFELY STORE PATIENT SAMPLES IN A SYSTEMATIC WAY IMPROVING LABORATORY EFFICIENCY.

**DIAGNOSTIC IMAGING:** A PORTABLE ULTRASOUND IS DESIGNED TO BE USED THROUGHOUT THE HOSPITAL INCLUDING AT A PATIENT'S BEDSIDE.

From an ER visit, to the joy of a newborn  
— CMH is strong because of our Team  
and our Team includes you. Thank you!
